## SERGEANT MAJOR SAUFLEY.

WRITES ENTERTAININGLY TO HIS FIRST LOVE.

CAMP THOMAS, July 22.—There is fighting and rumors of fighting, but "nary a bit" in my humble opinion will the 2d Kentucky ever see. Three weeks ago one would have judged from the rapid manner in which we were being equipped that we were soon to depart, but now, alas and alack, officers and privates are preparing to swelter in mid-summer's intense heat and to also protect themselves from the occasional heavy rains by putting floors in their tents and making things otherwise as comfortable as possible. In fact the prospects for us staying here are now as good as they were some time since for our leaving. Dewey's victory at Manila, the destruction of Cervera's fleet and the fall of Santiago have demonstrated that there is a sufficient force on the field of action and unless assistance comes to Spain in a very short time many regiments will not have the opportunity of saying they help whip Spain. The manner in which the U. S. forces both on land and sea have handled the enemy has awakened the rest of the powers to the fact that she is able to cope with all comers and we will not, if I am allowed to express an opinion, have trouble with Germany.

Old sores and hatred caused by the late war in this country have all been wiped out by our present trouble and henceforth we shall fight under the Star-Spangled Banner, which in triumph shall wave over the land of the free and home of the brave. Indeed it is hard to realize that on this very spot there are men united in one cause, whose fathers met here 35 years ago in different causes and sought the lives of each other. Courage and brains, united with vast numbers and wealth, can not easily be overcome and the greater length of this fight the more thoroughly will the reputation of this government be established as a military power. We are brigaded with the 1st Arkansas and 9th New York. Gen. Fred D. Grant, a son of the great military genius, was our brigade commander, but only this afternoon news came that he had been transferred and now commands the 1st and 3rd Kentucky and 5th Illinois, which will leave very soon for Santiago. This is from a newspaper, but with all due respect to the paper, upon which I once worked, I can truthfully say that they can not always be relied upon.

It seems to be the policy of the administration to close the war by fall, but if failing in this we may at that time be ordered to take part in the siege of Havana, which I think will have to be taken before the surrender of Spain.

Taking everything into consideration we have a splendid and courageous regiment and there is no reason why it should not take part in this fight. Capt. Paice, of Co. H., Middlesboro, says he thinks he is the Jonah of the 2d, but the bulk of the regiment thinks it is Ashby Warren. Be they Jonahs, or be they not, they would be sadly missed by all who know them, should they fall. The latter especially has been to me a loyal friend, ever ready and willing to assist in any and all things that will promote me. He has been promoted to the rank of a sergeant and is filling the position with credit to himself and company. Indeed if each individual discharged his duties as conscientiously as he, there would be no necessity for court martials. John G. Lynn is another who deserves all the good fortunes of a man who is thoroughly imbued with the importance of the honorable discharge of duty and will at the end be able to give an account that his ancestry will look upon with pride. These two will bear out the splendid reputation of their fathers and old Stanford will have the distinction of being the birthplace of two most valiant soldiers.

Judge Alcorn, Kendrick Alcorn and John Shanks stopped over on their way to Atlanta and were greatly enjoyed by their numerous friends here. The judge, being a war veteran, was able to entertain us with stories of the fights and sufferings of many a poor soldier. Even though we may see hard fighting our privations will never be as great as that of the Confederate soldier. Unfed, scantily clothed, with nothing to give support but undaunted courage, they fought to the last. Let us hope the participants in this war will be guided and urged on by their heroic example.

ROWAN SAUFLEY.

HIGH BRIDGE CAMP MEETING.—The camp grounds will be full of interest this year with lively programs, fine speakers, excellent music and crowds of delighted and appreciative people. Low rates during the camp meeting and special low Sunday rates for Sundays, July 24th and 31st, will be made via the Queen & Crescent Route. Special Sunday train service will be run July 24th and 31st, for convenience of patrons between Somerset and High Bridge. Ask your ticket agent for full particulars, or see small bills.

## DANVILLE.

The colored people are making preparations for a great fair to be held next month.

Owing to the failure to arrange rates the Summer excursion down the Kentucky river has been abandoned.

Garland, the son of Mr. Virgil Shears, died last week of diphtheria. This is the second child within two weeks and the family is greatly bereaved.

Miss Eliza Caldwell entertained at tea Saturday afternoon in honor of Miss Marie-Louise McMurtry. Mrs. W. W. Wiseman gave a delightful dance Friday afternoon to Miss Virginia Bowman's guests.

A very interesting, though one-sided base ball game was played in Danville between the home team and the Perryville club. The latter was defeated by a score of 23 to 6. Many kicks were made against the umpire's decisions, which delayed the game. Danville has arranged games with Nicholasville and Springfield.

Miss Mae Wood, of Cincinnati, arrived Friday to be the guest of Miss Zilpha Smith. Mrs. J. S. Roberts, who has been quite ill, is convalescent. Misses Mamie, Della and Belle Cox have gone to visit relatives in Greensburg. Mr. Lovell Yerkes is visiting friends and relatives at Paris. Misses Virginia Lee and Mary Helm have gone to Lake Chautauqua. Mrs. January Grundy, of Lebanon, is spending a few days with Nicholas McDowell. Miss Mary McRoberts, of Columbia, S. C., is visiting Mrs. Jerry Caldwell. Mrs. Charles McDowell is with friends in Louisville. Prof. William Yerkes, of Paris, is with his brother, Hon. J. W. Yerkes. Mrs. J. H. Letcher and Miss Margaret Kinnaird have gone to Crab Orchard Springs.

There seems to be a thief at present in Danville who prowls around at any time of night, early or late. Last week one entered the home of Miss Minnie Eastham, now occupied by Mrs. Crawford. The former was awakened early in the morning and saw a large Negro standing over her. She screamed and the man escaped. Mr. Roberts, who boards next door, says he saw a Negro jump the fence. He effected entrance by climbing to a porch and entering a window. One also attempted to enter the home of Mr. Ike Lanier, but was frightened off. Saturday night between 9 and 10 o'clock some one entered the house of Mr. Will Rowland. No one was at home except his son, who fired five times at the thief and then went outside and shot the sixth time at him. He evidently did not hit him, as the burglar could not be found.

## CHURCH CHATTER.

A new Presbyterian church has been established at Crescent Springs.

Elder Geo. Ringo will begin a protracted meeting at Turnersville next Sunday, July 31. All are cordially invited to be present.

While at the Baptist Convention at Norfolk, Va., Rev. A. V. Sizemore, of Newport, met John D. Rockefeller, and told him the condition of his church, which is deeply in debt. Mr. Rockefeller said he would contribute \$2 for every \$1 collected by the congregation.

Rev. T. T. Eaton says: "We indicted 17 gamblers once when Asher Caruth was attorney, and that day the Governor sent 19 blank pardons, one more than was needed. I can take \$100,000 and a shot gun and go kill any man in Kentucky, from the Governor down, and escape punishment."

At McMinnville, Tenn., the other day an Evangelist asked those in his congregation to rise who had read a passage in the book of Hezekiah. About a dozen arose, some of them long-time church members. The evangelist said: "Why, God bless you, there's no such book in the Bible!" and those who had arisen quickly sat down in utter confusion.

To the Methodists of Lincoln county greeting: Your 4th quarterly meeting for the conference year will be held at the church in this place Thursday night; Thursday and Friday nights, preparatory services for the communion service Sunday. Observe Friday as a day of fasting and prayer. Dr. Vaughan will be here for business of quarterly conference Saturday at 4 P. M. and preach at 8 P. M. and will also preach Sunday morning and night. This closes his 4th and last year in the district. A great many of you have never heard him or contributed \$1 to his support. Redeem yourselves. Revs. H. O. Moore and W. G. Cram will be here to continue the meeting for two weeks. Come, pray, pay and prosper. Your pastor, W. S. Grinstead.

The cost of our great civil conflict has been put down at \$6,189,929,909, which includes all expenses growing out of the war, as well as the actual cost of the military and naval operations. The direct outlay of the United States Government in carrying on the war for four years was \$3,400,000,000, and in the course of the struggle 2,858,132 Union troops were engaged.

## NEWS IN THE VICINAGE.

H. W. Bowman, one of the largest of Barbourville's merchants, has assigned. Miss Ada Blair, of Pineville, daughter of the doctor, fell from her bicycle and broke a leg.

The governor refused to pardon Wm. Wm. Todd, of Madison, convicted for life for killing his brother.

The general merchandise store of A. A. Humble & Co., at Russell Springs had about \$400 worth of goods stolen.

George Baker, a former Lincoln County man, was held in \$200 bond by Commissioner Curd, at Somerset, for selling whisky at Eubanks.

The Lancaster City Council compromised with the local bankers for back taxes by accepting taxes for 1897 and 1898, amounting to about \$2,000.

A dispatch from Russell Springs says that Dr. F. A. Taylor has organized a company of rough riders. They will join Col. Morrison's battalion of mountaineers.

County Judge Burnside, of Garrard, has placed guards at the toll-gates on Richmond pike. The officials of the road have made affidavit that the property was in danger.

The Richards Oil Company, of Knox County, filed articles of incorporation with the Secretary of State. Capital stock \$25,000, with H. W. Botts and Alfred Murray as incorporators.

Heavy taxes have caused the Lexington banks to slash salaries. That of the president of the Central Bank was cut from \$2,000 to \$1,000 and the cashier's from \$1,200 to \$800. The latter, who is Judge Durham, resigned.

A Chicago woman has agreed to give \$100,000 to the Lincoln University to be established at Cumberland Gap, on the site of the old Four Seasons Hotel. It is said that John D. Rockefeller has promised to give \$12,000 more.

Two graves were dug for Private Forest Anderson, who died at Chickamauga Park. His family, thinking the remains would be sent to Flat Lick, made every preparation, but for some reason they were interred in the National cemetery at Chickamauga.

A dispatch from Barbourville says that John Baker, son of Garrard Baker, and Frank Clark, a negro, were killed near Manchester. Baker was a cousin of the Bakers in the Howard-Baker feud. Frank Clark was not known to have had anything to do with the feud. Gilbert Garrard passed through Sunday on his way South. He said he had to leave or be killed. His father, Gen. Garrard, who is eighty-seven years old and has lived in Clay county all his life, has been given two written notices to leave.

It was hoped that Votaw's fate would break up church disturbances in Mercer, but it hasn't. At Mt. Freedom, the other night, five buggies and harness were completely destroyed during the services, the minister's buggy being one of the number. Taps were taken off of nearly every vehicle there, and when the crowd started for home they had all kinds of trouble. Young men and their sweethearts tumbled into the road when the wheels came off their buggies, women fainted, horses ran away and men were too badly alarmed to render assistance.

## POLITICAL POINTS.

Hon. W. B. Smith, of Richmond, will stump the third appellate district for Judge J. P. Hobson.

In an address at Nashville William Jennings Bryan said that the Mason-Dixon line has been forever wiped out.

The judicial committee of the 27th district will meet at London next Saturday to fix the manner, place and time to nominate a republican candidate for circuit judge to succeed Judge W. L. Brown, appointed by Gov. Bradley to fill a vacancy.

The Lancaster Record very pertinently asks: If the republicans want to put up a candidate who is a typical gentleman, a true Kentuckian, a man thoroughly equipped, and in whom there is absolutely no guile, why don't they induce Hon. James W. Caperton, of Madison, to become a candidate. Let it be a case of the office seeking the man.

COOL WISCONSIN RESORTS.—The Monon Route via Chicago is the proper line. Write E. H. Bacon, D. P. A., Monon Route, Louisville, for pamphlets, rates and time tables for all resorts in Wisconsin, Minnesota and Michigan. Information cheerfully given and services of an agent to meet all parties on arrival of trains at Louisville and Chicago rendered free.

Every soldier knows that a horse will not step on him intentionally. It is a standing order in the cavalry that if a trooper becomes dismounted he must lie still. If he does this, the whole squadron will pass over him without doing him injury.

United States war vessels of the first-class are named after states, those of the second-class after rivers, those of the third after the principal cities and towns and those of the fourth as the President may direct.

## MATRIMONIAL MATTERS.

Frank Allen, aged 17, and Miss Nora Williams, 15, were married at the brides home in Gallatin county.

Frank Owens, of Holly Springs, Mo., shot himself when he learned that his wife had gone driving with his brother.

Earnest Parsons, book-keeper for the Somerset Banking Co., was married last week to Miss Ida, the pretty daughter of Postmaster H. G. Trimble, of Somerset.

Mrs. Rita Revenaugh Wolf, who sang here when Miss Elvira Sydnor Miller read, has sued her husband in Louisville for divorce. He has abandoned her and is living in Chicago.

The sheriff captured a Pratt county, Kansas man, while he was on his wedding tour. Instead of handcuffing, he removed his wooden leg, placing it on the baggage car and got him home safely.

Miss Hattie Herndon, of Louisville, has sued Otto Ebelsdor, of New Albany, Ind., for \$10,000 for breach of promise. She had dismissed a former suit, but the defendant recently inherited \$50,000.

After having whipped her daddy and been whipped by her brother, whom he attempted to shoot, W. H. Hogg married Miss Maud Shirk at Sedalia, Mo., with the consent of all concerned and now everybody is happy.

In announcing the union of "two innocent and trusting hearts," in Monroe county, Ill., the reporter of a local paper closes his information in this expressive way: "The bride has been a widow for five long weeks."

That old fool at Vanceburg who, when he discovered that his young wife was in love with the hired man gave her a divorce and a big wedding supper when she married her more youthful lover, has been marrying some more. This time it is to Grace Hill, who is only 18, while he is 81. The old fool's name is Billy McCaine.

On the authority of a license issued by the county clerk of Madison, Judge James P. Bailey united in marriage Mr. Robert Bowlin, of this county, and Miss Susan Moore, of Madison. The ceremony occurred in the court-house and on the unlucky day of Friday, but the couple didn't care about that and went their way as happy as big sunflowers.

Hobson of Merrimac fame, is in Washington to report to Secretary Long the condition of the wrecked Spanish ships and to secure the action necessary to save the Colon. He thinks her the finest ship of her class ever constructed. She is an armored cruiser of 6,840 tons, protected by plates six inches thick. She carries 40 guns, including two 10-inch and 10 six-inch cannon. Her speed is 20 knots an hour, and if she could be saved she would be an addition of special value to our navy.

The Suez canal is eighty-eight miles long and was built under a commission granted by the Egyptian Government to a French engineer. In 1869 work was commenced. English capitalists have since acquired a majority of the stock, thus placing the canal under the practical control of Great Britain. Camara's tolls for his squadron amounted to \$116,000, which included the round trip.

The young girl on Long Island who started the "endless chain" for dime contributions to a fund to equip the Red Cross society in Cuba with an ice plant is appealing for relief. She has received as many as 9,000 letters in a single day, each containing a dime. Although but \$1,000 was needed she has already turned over to the Red Cross society \$2,500 and has \$5,000 in sight.

Eulate, of the ill fated Viscaya, is morose and rarely speaks to his brother officers or any one else at Annapolis. It is said that he shot and killed about forty of the men on the Viscaya on the day of the battle because they refused to stand by their guns. A Spanish seaman who is serving as valet to one of the Spanish officers is said to be authority for the statement.

Triplets were born to the wives of Ike Combs and Henry Reynolds, on Grapevine, last Monday night, at the same hour and in the same house, both families occupying one house. The entire outlay is of the male persuasion, and blessed with good health.—Jackson Hustler.

The summer girl now affects a knapsack. When she wheels to a picnic or tramps off on a sketching tour she packs her sketch book and pencils in a wicker knapsack, which she carries on her back, just as her soldier sweetheart does when on the march.

# THE INTERIOR JOURNAL

STANFORD, KY., - JULY 26, 1898

W. P. WALTON.

Democratic Nominee For Congress.  
**HON. G. G. GILBERT,**  
Of Shelby County.

GEN. MILES, after many delays, is thought to have arrived in Port Rican waters with 5,000 troops and with Gen. Brooke ready to sail with large reinforcements, it is thought that by the end of the week something interesting for the vicinity of San Juan will be heard. With Gen. Brooke goes the 1st and 3rd Kentucky, leaving the 2d at Chickamauga, very mad because it is not permitted to participate actively in the war. After Port Rico, of which it appears short work will be made, a big onslaught is to be made on Havana. If in the meantime Spain does not have the sense to quit when she has enough, Watson's fleet is being put in shape to make a big demonstration in European waters and he will compel admiration as well as crush Camara and anything else that comes in his way. It has been very wisely decided at Washington to wait to catch the hare before cooking it. In other words no definite policy as to Cuba and the Philippines will be decided upon till they are ours and the war is over.

GEN. GARCIA seems to be acting ugly in Cuba and Aguinaldo is putting on many airs in the Philippines, creating the impression that we may have to whip the Cubans and subdue the Philippine insurgents before we get through with Spain. The former is said to be mad because he was not allowed to participate in the surrender ceremonies at Santiago and the latter, thinking himself strong enough to repudiate American control, has declared himself dictator and proclaimed martial law. If he persists in this course there will be a clash when Gen. Merritt arrives and he may have to fight a'comin and a'guine. Complications are arising daily, but the U. S. is equal to them all.

At the beginning of the fiscal year there were 103,450 pensioners in the single State of Ohio. The number seemed then to have reached the climax, but it hadn't. During the year 7,234 names have been added to the lists and the end is not yet. In many cases the marriage of decrepit and indigent veterans was reported, which means that the payment of pensions must be continued to their young wives after their death. The average Ohioan seems to go to war for the money there is in it and afterwards.

GLORIOUS old Gen. Gordon was re-elected commander of the United Veterans Association without opposition and he will doubtless be honored with the position as long as he lives. The next encampment will be at Charleston, S. C., that city beating Louisville 1,070 to 801. The latter city is said to have acted very short with the Association, only offering \$15,000 for it, when it gave \$100,000 for that pension drawing, fat of the land crowd, the G. A. R. But everybody seems to want to grease the fat sow.

DR. LEONARD WOOD, of the Rough Riders, has been skinning up the pole of promotion at a rapid rate. He started out as colonel of the regiment, was soon made a brigadier general, and now he has been appointed military governor of Santiago. But they can't all rise that fast, for all are not personal friends of the president as Wood is, and never doctored his sick wife as Wood used to.

A DISPATCH from Atlanta announces that our old friend, Clarence E. Woods, was re-elected grand recorder of the Sigma Nu Fraternity, a position he has most creditably filled for four years. As it pays well his friends are much pleased for that and the additional reason that it shows how popular is the associate editor of the Richmond Climax.

WE keep pretty well posted on Richmond affairs. The Register sends us its excellent daily, which, by the way, improves with each issue, and its weekly and semi-weekly editions. The Climax comes to us Wednesday and the Pantagraph pays us semi-weekly visits. If an item escapes all of these, old Argus himself couldn't see it with his 100 eyes.

ED O. LEIGH, who has been doing excellent work on the Owensboro Messenger for a couple of years, has resigned to take charge of the Paducah News and Clint Leigh, his brother, who has been in the newspaper business in Louisville, for some time, has taken the place relinquished by Ed. They are fine newspaper men and are much sought after.

TYLER, who also ran with Hardin, and afterwards sought to defeat democratic nominees by speaking around the State at the expense of the gold men's pocket books, has at last got something his size. He has been appointed county attorney of Hickman at \$100 a year.

THE prison commission elected E. F. McGrath deputy warden of the Frankfort penitentiary, but did not choose one for Eddyville. Only one of the many applicants for places from this section caught on, C. M. Norris, of Lancaster, who was made a guard. For the 80 places there were over 2,000 applicants. Franklin county got 14 of them, and there is a story that Commissioners Richardson and Fennell bagged everything in sight, turning down Mr. George so badly that his resignation is talked of, but it will doubtless end in talk. He couldn't be made mad enough to throw up a \$2,000 job, with expenses paid.

## PEACE TERMS.

THAT'S WHAT SPAIN WANTS TO DISCUSS.

GEN. BROOKE OFF FOR PORT RICO.

WASHINGTON, July 25.—Gen. Brooke sailed today from Newport News to join Gen. Miles, who is off Port Rico, but from whom no word of landing has come. The First Florida, Second Georgia and Fifth Maryland at Tampa are embarking for Port Rico, the first Southern regiments yet named.

LONDON, July 25.—A Madrid special says the government has prepared a message for Washington for Armistice to discuss peace terms.

SAN FRANCISCO, July 25.—Alarming increase of sickness in Camp Merritt. There are two cases of varioloid.

## WAR TALK.

There are now 357 sick soldiers at Fort Thomas, Ky., sent from Tampa. The Spanish cruiser Jorge Juan, defending Playa, was destroyed without loss on our part.

Cornelius O'Conner, of Knoxville, committed suicide because he was unable to enlist.

Including Gen. Cerro Gordo Williams seven confederate generals have died since the Nashville reunion of veterans.

It is now up to Miles and Merritt. Make your bets, gentlemen, upon which will add another whoop-inspiring name to the roster of fame.

Gen. Leonard Wood has been appointed Military Governor of Santiago, succeeding Gen. McKibbin, whose appointment was temporary.

The insurgents display increased activity. Aguinaldo has appointed native Governors in the provinces and has organized a Cabinet.

Gen. Shafter has issued an address to his soldiers thanking them for their endurance "Of hardships heretofore unknown in American army."

At Santiago the Spaniards turned over their cavalry horses. Only 143 were surrendered. The others had been killed for food for the army.

Of the 277,500 men authorized by Congress to be enlisted in the regular and volunteer armies, 254,479 up to this time have been mustered into the service.

Isaac Larison walked from Estill County to Lexington, 60 miles, to join Col. Colson's regiment, but failed to pass. He was five pounds short in weight.

Quartermaster Mike Salter has asked for an investigation of where \$25,000 worth of clothing went to in the 1st regiment while he was absent and for which he has no receipts.

The Queen Regent of Spain is said to be earnestly seeking to bring about peace, and at recent meetings of the Cabinet has implored her Ministers with tears in eyes to arrange for terms of settlement.

Gen. Shafter reports 396 new cases of fever of all kinds at his camp Saturday and four deaths, with none from yellow fever in four days. He is now feeding 11,000 Spanish prisoners.

According to official announcement, letters to the surrendered Santiago territory and to Cavite, Manila Bay, will be delivered at the domestic postal rate of two cents for each ounce.

Gen. Gomez has expressed gratification at the policy of the United States Government in supplying the needy Cubans, saying that it tends to convince them of the sincerity of this Government.

The American troops were landed at Paranaque, two miles south of Manila, under the guns of the Boston and the Callao. It is believed the Spanish troops will offer little serious resistance to the Americans.

Details of the capture of the Bay of Nipe, on the northeastern coast of Cuba, show that the town afterward surrendered, and that two small gunboats were captured. A company of marines is in possession of the town.

It is a cold day when the United States does not capture an island or so. The second expedition to Manila raised the flag over Wake Island, one of the Marshall group in Micronesia, comprising the Radaek and and Ralick chains.

It is expected that the first deportation of Spanish troops will take place at Santiago Thursday, and as soon as the Spanish soldiers leave, the Cubans will be allowed to enter the city. All unarmed persons are, however, now allowed free access to the city.

Gen. Shafter let Correspondent Scovill, who slapped him, off lightly. He expelled him from Cuba and three correspondents of a rival yellow journal

whom he found it necessary to arrest for violations of the military laws and for issuing incendiary circulars.

Maj. J. C. Bryant, who had a difficulty with Wagon Master Price, of the 3d Regiment, took the matter before Gen. Brooke, who ordered Price discharged, with instructions to leave the park. It will be remembered that Price struck the Major a savage blow.

As an indication of the alacrity which Southern volunteers have shown to march to Uncle Sam's defense, the enlistment in New Orleans alone is remarkable. That city has furnished 6,000 soldiers and sailors—nearly 12 times its quota under the President's calls.

Sunday midnight a dispatch from Gen. Shafter was posted, stating that 3,005 Spanish troops and 350 volunteer guerrillas had been surrendered at San Luis and Palma Estriano. They were in a starving condition, and were delighted at the prospect of getting home.

The battleship Texas has been ordered to Brooklyn to be docked. Following her the Iowa, Indiana and Massachusetts will be sent North in turn for the same purpose. The bottoms of all of them are foul and most of them need repairs of some kind. It is not unlikely that the Oregon may also be docked.

It is now stated that the letter said to have been sent by Gen. Garcia to Gen. Shafter complaining of his treatment of Cuban troops, was not written by Gen. Garcia, but by a newspaper man on Gen. Castillo's staff. If Gen. Shafter received the letter alleged to have been sent by Gen. Garcia he has failed to report it.

During the engagement off Santiago the Spanish officers are said to have kept a good many of their men at the guns at the peril of being shot for not fighting. Commodore Schley and other American officers cheered their gunners for doing the real work on our side of the fight. This is one of the strongest testimonials to the value and valor of our naval force.

## LAND AND STOCK.

J. C. Siler bought of Davis Anderson 20 hogs at 34c.

Another effort is being made to have a fair at Danville.

Boston has a Chinese horse dealer named Gee Lang.

J. W. Flowers bought of John Wood 82 sheep at \$3.50.

July wheat sold at Chicago Saturday at 78c, a rise of 1 1/2 cents.

John Anderson sold to James Herring a small bunch of hogs at 3c.

The Paris Kentuckian reports sales of 100 fat cattle at 44 and 68 at 4.70.

The Richmond Register says that J. W. Bales sold 4,000 bushels of wheat at 70c.

Sales of stock ewes at \$5 and 45 cattle at 34 are reported in the Harrodsburg Sayings.

C. Vanoy got 948 bushels of wheat off of 37 acres and has stored it with J. H. Baughman & Co.

T. L. Lillard and W. W. Yeager, of Boyle, have gone to Michigan to buy some first-class seed wheat.

The Elizabethtown News reports several large crops of wheat that have thrashed out 25 to 26 1/2 bushels.

The rate on stock, sheep and cattle to Lexington has been reduced by the L. & N. from \$27 to \$12 per cattle.

A majority of the Fayette county farmers have decided to hold their wheat, confident that it will go higher.

Split Lick won the Chamber of Commerce purse at Detroit over a big field. It was worth \$5,000. Best time 2:08 1/2.

The Oakley race course near Cincinnati is a financial failure and it will likely go into the hands of a receiver.

J. T. Hackley sold to Cornelius Ware, of Pulaski, and Lane & Hackley, of Garrard, a hornless bull calf each at \$50.

Wm. Moreland, of Lincoln, has shipped about 2,000 sheep from this county. The woods are full of buyers.—Somerset Paragon.

John Robinson, of Mercer county, has 50 mules of which he is especially proud. He expects to realize \$140 per head for them.

J. F. Cook bought of J. E. Bruce 120 ewes at \$4 and of E. W. Lee, of Boyle, 40 Southdown bucks at \$9 and some Southdown lambs at \$6.50.

Ambrose Young, the well-known trotting horse breeder, is dead at Lexington. He bred the famous Mambri- no King, which sold for \$10,000.

The Jessamine Journal says that the wheat average in that county is 15 to 16 bushels and those who have sold have gotten 65 to 70 cents for it.

Curry & Forsythe have bought 10,000 bushels of wheat at 67 to 70 cents. B. F. Sanders & Co., shipped 1,030 lambs to Cincinnati. They paid from 4 to 5 cents for them and sold at 5 to 6.35. Walter Terhune, who is buying wheat for Trow & Co., millers, at Madison, Ind., has bought about 5,000 bushels at 63c., 66c., and 70c. He says that nearly every body is storing their wheat.—Harrodsburg Democrat.

A highly enlightened Madrid paper informs its readers that "the commander in chief of the American army is one Ted Roosevelt, formerly a New York policeman," who was "born near Haarlem," "emigrated to America, when young," was educated at "Harvard academy, a commercial school" (there being "no universities or colleges in America"), and that his "bodyguard" is fittingly termed "rough rioters."

The Iowa Health Bulletin publishes, among many similar specimens of letters written by "doctors of medicine" in support of applications for pensions, the following:

"—, February 30, 1897.—Sur: I surtify I treted the sed sojer fum 1888 to Date —, formerly his sumlk tub was jined to his nervous sistem, but now it air rotted off, cosing grate expextoring and hard of breth. Your Obt. servent, —, M. D."

Bissell street, Chicago, has been renamed Dewey avenue by a unanimous vote of the city council. FOR RENT.—My residence on Lancaster street, well improved. Millinery store for sale, all new goods, fine trade. Mrs. Kate Dudderar.

"OUR big ad. last week paid us largely," said manager T. D. Raney, of the Louisville Store, who never misses a chance to keep his establishment before the public.

ON BAIL.—Thomas McCree, who killed Henry Sandys, also colored, in Lexington, was allowed bail in \$200, which he gave and has returned to his home in this county.

WANTS A SCHOOL.—Miss Nannie Watson, who obtained a certificate last week, wishes to secure a school. Those needing such services will please address her at Stanford.

CLOCK TO STOP.—Robert Fenzel notifies the public that the town clock will be stopped this, Tuesday, afternoon for repairs, so that those who depend on it for the time may make other arrangements.

FAIR PRIVILEGES FOR SALE.—The amusement, refreshment and other privileges of the Russell Springs Fair, August 23, 24, 25 and 26, will be sold on Saturday, August 6, 1898. For particulars address U. S. Rexroat, Secretary, Kimble, Ky.

COLLISION.—Cash & McClure's delivery wagon and a team belonging to Beazley Bros. collided in front of the livery stable Friday morning, knocking one of the latter's horses down and badly breaking the former's wagon. Both of the drivers, who were colored, had narrow escapes.

SOLDIERS.—Deputy Sheriff C. B. Owens was at Kingsville Saturday and saw a number of soldiers who fought in the Santiago battle. They were wounded in the light and were being taken to Fort Thomas. He says they were almost black, so badly were they sunburned in that hot country.

THE weather has been oppressively hot, the mercury coquetting in the day near the century mark and reluctantly leaving it only a few degrees at night. The showers that fall are only temporary reliefs, the humidity afterwards putting one into a par boiled state. Showers and cooler are promised for Tuesday.

DEAD.—Maj. A. W. Harris, cashier of the American National Bank of Nashville, and father of Miss Marilu Harris, who visited Mrs. W. P. Walton last year, died suddenly in the lavatory of his bank Saturday. He was a gallant Confederate soldier, rising from private to major in the army of the Lost Cause.

THE Russell Springs Medical Society, Dr. J. T. Wesley, of Middleburg, president, will hold a big meeting at Russell Springs Aug. 4 and 5. Many doctors are down for interesting papers, while Dr. J. G. Carpenter, of Stanford, will expatiate on "Appendicitis, Pathology and Treatment," and also tell "Why Doctors Often Make Failures."

NOT TRUE.—An item is going the rounds of the press that a 50-cent stamp under the war revenue law is required on marriage licenses, but such is not the case. County Clerk G. B. Cooper saw the item and finding no ground for it under the law, went to Collector John W. Yerkes with reference to it. The collector told him that no stamp was required that he could find and to go ahead without them unless he got orders to the contrary.

IT WASN'T A GROUND HOG.—For some time Mrs. Simeon R. Cook has had her frying size chickens killed by what she supposed was a ground hog and growing tired of it, her husband set up search for the destroyer. A few night ago he located in a tree what he thought was the author of the trouble and he was not long in going after it. About the time he got in reaching distance, there was a familiar sound, and to his horror he found that he had been chasing a well-loaded pole cat.

THIS is too good a one to keep out of print. A number of gentlemen were discussing at Danville the causes of Gov. McCreary's defeat. After all had expressed their ideas of the reasons, a fellow who hadn't said anything before remarked: "You are all wrong. I can explain why the governor for the first time in his life was defeated. It was this. Jessamine county went against him because he failed to have John Welch appointed collector, and Boyle went against him because he appointed Charley Rodes." The crowd concurred and all hands went to a drug store and took a drink of—soda water.

THERE will be a grand bicycle parade on the last day of the Hustonville Fair, so George Weatherford telephoned us, which will be under the management of J. Beecher Adams.

GOT IT CHEAPLY.—George W. Palliam, of this county, from which Mr. J. L. Frohman tells us more guesses came, won the suit of clothes offered by "The Globe," of Danville, for the nearest guess to the final ballot in the Congressional convention. His guess was exact, \$4 for the winner.

MANY FAILED.—Only two teachers passed out of six examined Saturday. Up to date there have been 62 examinations, of white persons, 21 of whom got first-class, 15 2d and 5 3rd, 21 failing entirely. There have been 26 colored applicants examined, 5 of whom got first, seven second and two third, 12 failing, we learn from Supt. Garland Singleton.

BROKE DOWN.—Some 30 guests from Crab Orchard Springs came down Saturday afternoon in the big Springs 'bus. Just this side of Hon. John Sam Owsley's a tire came off and they were compelled to walk nearly to Rowland before a shop was reached where the wheel could be fixed. They finally got here though and put in an hour shopping and taking in the town. Mrs. Gus Hofmann chaperoned the party.

CHICKEN THIEVES.—Knowing that Mr. J. R. Orndorff would move yesterday and that he had the best chickens in town, an enterprising thief determined to save him the trouble of moving them and getting a good stake himself by stealing 35 of the best Saturday night. The same rascal or another entered the editor's chicken coop and stole its entire contents. There were only three, but it was all he had, while Mr. Orndorff had a few left to take to Livingston.

SERIOUSLY INJURED.—Saturday night, Cap Brown, who lives at Turnersville and works at a tunnel near Mt. Vernon, that is being arched, determined to come home and sat himself down upon the railroad track to wait the coming of a freight train. Tired nature's sweet restorer soon overcame him and he slept. The train came along and struck him, cutting a great gash in his forehead and cheek and otherwise injuring him. No. 24 brought him here Sunday and he was taken home in a most precarious condition.

GOT \$12.—A thief, evidently a boy, got into A. B. Florence's store about 1 o'clock Sunday night by putting his hand through a hole in a glass and unfastening the catch of a back window. Then he got a ladder and climbed over into the room, when he immediately went for the cash drawer. He opened it all right, but the ring aroused Mrs. J. C. Florence, who in turn awoke her husband. He ran down and covered the back way, while Albert guarded the front. They were sure that they had the thief prisoner, but when they got weapons and went in to explore the game had flown. As only a small hand could have gotten through the hole in the glass and as the tracks were small, Mr. Florence thinks the thief was a boy and is sure that he will yet be caught. He got \$12 mostly in quarters and small change.

A BAD MAN.—The Spencer Courier devotes a column to Wm. McCoy, alias Crawley, who was recently arrested in that county for the murder of his father-in-law, David Whitehead, in Garrard county, eight years since. He was arrested for the shooting of Dick Calvert four weeks ago and while in jail stories of his former crimes began to be told and on the strength of them the authorities of Garrard were conferred with, when County Attorney Letcher Owsley and Jailer Ross went to Spencer. The latter fully identified McCoy and he and Mr. Owsley think there is a hanging or a life imprisonment verdict in store for him. McCoy had been living very innocently in Spencer till he shot Calvert. He served a term in the penitentiary but was pardoned by Gov. Blackburn, who thought he was dying of consumption, when he had gotten his emaciated appearance by starving himself. He went back home, laughed at the soft-hearted governor and renewed his desperate career.

THE GENTRY REUNION.—Gen. W. H. Gentry writes us that the Gentry special train will leave Lexington at 10 a. m., Aug. 1, and go via Danville Junction City and Stanford, at each of which places he hopes to get large delegations. Col. T. P. Hill has been specially invited and will likely go, and Mr. John Bright will be on hand to tell how Gen. Gentry won his first saddle. The object of the reunion is to bring together as many as possible of the descendants from the Revolutionary soldier, Richard Gentry, (who is buried near Crab Orchard Springs, on the "Old Gentry Place,") his brother David, two sisters, Winnie and Oney, and of his uncles, Martin, Watson, William and Moses Gentry, all of whom came from Virginia. Good accommodations will be furnished by the proprietor of the springs at one dollar per day, by the week. On the committee of arrangements are Mrs. John Blain and James B. Gentry, of Stanford, Richard and Reuben Gentry and Mrs. Martha Caldwell, of Danville.

FROM GARRARD.—The Louisville Commercial tells of the suicide of John Miles at the Lakeland Asylum by hanging with a rope made out of a bed sheet. He was 39 years old and hailed from Garrard county, where a brother some years ago also ended his life by his own hand. Miles' father is also an inmate of the asylum. Miles had been in the asylum for six or eight months past, this having been a return visit.

WALTER.—Dr. Bailey brings the news from Corbin that William Walter, whom he went to attend, died yesterday morning of typhoid fever. Ten days ago he was here and left feeling very badly. His friends told him he had better not go, but he said he feared that he would lose his place in the railroad shops at Corbin, and went. His illness soon developed into typhoid fever and it was not long till it did its deadly work. Mr. Walter was 27 years old and a son of Mr. and Mrs. John W. Walter, of this county. He was a most excellent man, a member of the Christian church and highly thought of by all who knew him. His remains were to have arrived by last night's express and today will be buried about 10 o'clock in Buffalo Cemetery.

THE meeting called by the city council to discuss the question of reducing the amount paid the Water, Light & Ice Co., turned out to be a ratification demonstration for a continuance of the old contract, the numerous attorneys who spoke, all favoring it. There is no question at all as to the desirability and even necessity for water and lights for the town, but whether we are not paying more for them than we should and thus keeping taxes up to the limit. It is stated that it takes \$3,000 a year to buy the coal used by the plant, but a reliable man says he will contract to furnish as much as used last year for \$1,500 and it is also claimed that too much money is paid for outside salaries. Be this as it may it is the duty of the committee to investigate and if the \$3,190 now paid the company is more than gives it a reasonable profit, a reduction should be demanded. Otherwise not.

Among the Chinese a coffin is considered a neat and appropriate present for an aged person, especially if in bad health.

The oil of the rattlesnake is said to be good for rheumatism and neuralgia.
